MHS Shop Building May Be Erected

More Land Is Sought; Tentatively Approve \$2,555,924 Budget

Acquisition of more land and construction of a vocational building at Madison high school were recommended to the Madison board of education Thursday night by Supt. Raymond Draglich.

The school board responded favorably to the plan and also adopted tentatively a \$2,555,924 budget for the 1970-71 year. This compares with a \$2,466,314 budget and \$2,269,573 expenditures in 1969-70.

The budget will be publicly displayed beginning tomorrow at the board office, 1707 Fourth street. A public hearing is planned for 7:30 p.m. Sept. 24, followed that night by final budget action and adoption of 1970 tax levies.

In the meantime, it is planned to seek a meeting with the Madison mayor and city council on purchase by the school district of Lot 9 and parts of Lots 10 and 11 north of the existing MHS campus. The land was acquired as part of the city's Stephen Maers Industrial Park.

The property extends from Farish street for a distance of 900 feet to the east. Its width on Farish is 186 feet, including a 60-foot-wide drainage area and extending north to the center of Harris street.

TV Repair, Mechanics
Supt. Draglich proposed creation of a new parking area and tennis courts and a girls' physical education area, with the present tennis courts, parking space becoming the site of a new structure housing such classes as refrigeration, television repair, mechanics, auto body repair and power mechanics.

The new classrooms would be used by both high school students during the day and adults at night. Supt. Draglich said, he suggested that the building be erected as a shell, with sections partitioned for various shops as the need for them is determined.

The tentative 1970-71 budget is \$1,915,735 for education (\$1,761,130 budgeted and \$1,686,201 spent in 1969-70); employee retirement \$35,620 (\$32,200 and \$31,114); pupil transportation \$30,000 (\$27,200 and \$27,605); Title I Project Uplift \$150,000 (\$130,587 and \$138,000); Title II Project \$400,000 (\$400 and \$390); school lunches \$135,200 (\$125,000 and \$124,883); building fund \$149,000 (\$151,900 and \$151,900); bonds and interest \$133,128 (\$136,366 and \$134,287).

Food Suppliers Named

Maryville Rd. Job on City Agenda Tonight

Plans for the city's participation in a joint county-city project for extension of Maryville road from Ponton road to Highway 182—providing an improved four-lane highway skirting the eastern edge of the city—are scheduled for discussion by the Granite City council in its regular meeting tonight.

The Madison county highway department has appropriated \$1.5 million for its share of the total cost which presently is estimated at about \$2 million. County officials, including County Highway Superintendent Lee Schlemmer, Arthur W. "Coogie" Moore, Venice township supervisor and chairman of the county board's Road and Bridge committee, and Carl Roach, Granite City supervisor and chairman of the county's Right of Way committee, met Friday with Mayor Donald Partney to discuss the highway construction plan.

Partney said he will be prepared to inform council members in tonight's meeting of the approximate cost of the city's participation in the construction program. He said he intends to investigate sources of federal money for transporting supplies but little for certain of the city's share of the cost. The city plans to finance its share of the cost with motor fuel tax funds.

Cyclist Killed In Bridge Accident

21 Persons Injured as 25 Traffic Accidents Occur in Quad-Cities

A motorcyclist was killed and 21 persons were injured as 25 traffic accidents occurred on Quad-City streets and highways during the weekend.

A motorcyclist, Larry Wayne Berrow, 14, of St. Ann, Mo., was killed at 6:45 p.m. Thursday when he was killed while riding his motorcycle on the bridge near the western end of the bridge.

Lamb was on a motorcycle behind Mr. Berrow. Lamb's motorcycle was in the outer eastbound lane and apparently decided to enter the inner lane in the same lane as the motorcycle which was in the outer lane.

The Berrow motorcycle then swerved to the left and immediately skidded and crashed. The motorcycle was in the inner lane from a separate tire connected to the Venice-owned bridge.

Lamb was unable to estimate the speed of the motorcycle. Venice police found no skid marks on the bridge pavement.

Five Persons Injured

Five persons were injured in a three-car accident at 9:45 p.m. Friday at Namooki and Maryville roads involving autos driven by George L. Keel, 18, of Edwardsville; John Schmitz, 33, of 2439a State street; and Larry M. Mitchell, 2123 Benton street.

Taken to St. Elizabeth Hospital were Jolene Smith, 18, of 2829 Edgewood drive, a passenger in the Keel auto, who was examined and admitted for observation; Schmidt, treated for abrasions to the right lower leg and a muscle strain and released; and a passenger in the auto, Leni M. Tague, 34, of 2484a State street, a small laceration to the right big toe and back pains and released.

Suffering minor injuries were Mitchell and a passenger in the auto, Steven Underwood, 12, of 123 Kinder lane, Mitchell.

Judy Baird, 16, of 2274 Delmar avenue, was injured in a traffic accident at 6:40 p.m. Friday.

2 Deputies Indicted On Fees For Autos

Grand Jury Blames Financial Procedures Of Sheriff's Office

(Related articles on Pages 8 and 9)

The June term of the Madison county grand jury, concluding its work last week, indicted two deputies as well as issuing a detailed report critical of financial practices in the sheriff's office.

The two deputies are alleged to have improperly received autos for the sheriff's office, it was reported Friday.

The grand jury was critical of the sheriff and County Board of Supervisors for providing ample money for transporting prisoners but little for certain of the city's share of the cost. The city plans to finance its share of the cost with motor fuel tax funds.

Required to Furnish Cars

Noting that deputies working the day shift are required to furnish their own autos, the grand jury said they have no clear way to recover their costs. The practice initially was reported by Louis Bowman, Republican nominee for sheriff.

He has based part of his campaign on criticism of outgoing Sheriff George Musso, who is the Democrat's nominee for county treasurer.

Names of the two who have been indicted were suppressed by Chief Circuit Judge William Beatty until their arraignment this week. Some deputies during the weekend described the indictments as politically motivated.

Comments by Musso

Sheriff Musso commented, "After having read and analyzed the report, in my opinion I can see no discrepancy performed by this office. The recommendation by the grand jury for changes in the procedure in operation of this department must be approved by the Board of Supervisors and if it is their wish, we shall be glad to comply."

The next supervisors' meeting is set for Sept. 8. State's Attorney R. W. Griffith Jr. said he will recommend that a regular member of the sheriff's office along the lines suggested by the 11-page grand jury report.

William E. Barritt Rites Tuesday; War Casualty

Funeral services for Specialist Four William E. Barritt, 24, of Venice, who died in Vietnam Aug. 14 of wounds suffered when a helicopter was shot down, will be held at 1 p.m. tomorrow at Meridian, Miss.

A Burritt family member last night under escort of a cousin, Robert S. Barritt, was on duty in Vietnam at the time S/4 Barritt was wounded on Aug. 8. Barritt was serving aboard a helicopter when it was struck by hostile fire. He suffered severe burns and other injuries.

Military representatives of the helicopter school at Fort Rucker, Ala., will serve as pallbearers. Burritt will be in Meridian, Miss., where he was born in Venice, Miss., but spent much of his life in Venice where he graduated from Venice high school. He attended the Bible Institute at Cleveland, Tenn. for two years, and was assigned to Vietnam June 18, 1969, serving six months and elected to remain for a second tour of duty. He then returned for six years.

Brawley New Venice Police Chief, Essington to Retire

Ralph D. Brawley, a member of the Venice police department for the past 17 years, was appointed Friday night as chief of police, effective Sept. 1.

His appointment by Mayor John E. Lee was confirmed by the city council. He replaces Chief John Essington, who will retire from the department.

Essington became chief and Brawley assistant chief in 1967 when Chief Frank DeWitt retired.

The new chief is 41 years old and resides with his wife and four children at 817 Brown street, Venice.

Naval Veteran

Brawley, a 34-year Venice resident, served in the Navy for three years and two months, from 1947 to 1950. His service included tours of Japan, China and the Philippines as well as many Pacific Ocean islands.

He is a member of the Illinois Police Association, Illinois Police Association, and Protective Association and Madison County Police Association, serving as a director of the county group.

He joined the police force for five months in 1962 and then became a regular member of the department in 1963. Before being promoted to assistant chief, he was active in the investigation and identification phase of the police work.

As of Sept. 1, Essington will

Women Robbed; One Is Shoved, Hurt Severely

Two Granite City women were robbed of their purses and one of the women was injured Saturday in the 900 block of St. Charles street, St. Louis, while on their way to work at Pope's Cafeteria.

St. Louis police recovered two purses and \$148 and booked a truck driver who suspected of robbing the two St. Louis youths, two aged 20 and one 17 years old.

The purses were identified as the property of Mrs. Mildred McWhorter, 2255 Edison avenue, and Mrs. Lona Watson, 1610 Spruce street. Mrs. McWhorter, 56, suffered fractures of the pelvis and left arm when she was shoved off a loading platform by the thieves.

Mrs. McWhorter was robbed of \$80. Mrs. Watson said she was not sure how much money was in her purse.

Two police officers had been searching for three suspects in an attempted holdup of Perry O'Neill, a truck driver who was making a delivery at a bakery at 1444 North 13th street. O'Neill, a truck driver, was making a delivery at a bakery at 1444 North 13th street.

The police stopped the car, which was driven by a man who was making a delivery at a bakery at 1444 North 13th street.

The money was taken from the car, which was driven by a man who was making a delivery at a bakery at 1444 North 13th street.

Venice Faculty Will Vote on Tentative Pact

Plan Addition To University Center Building

The St. Louis-based architecture firm of Hellmuth, Obata and Kassabaum, Inc., was retained Friday by the Southern Illinois University board of trustees to plan for an addition to the University Center building on the Southwestern campus. The meeting of university trustees took place at Carbondale.

Hellmuth, Obata and Kassabaum were the original architects for the buildings at SIU-SW including the University Center.

The trustees were informed that existing space of the Center is inadequate to handle needs of the student body. Specific reference was made to inadequate cafeteria seating space.

For the past year, a committee of students, faculty and staff members has been studying the question of expansion of the building. This group has developed a program for the expansion.

Money to finance an addition to the building will come from revenue bonds.

Operating Budget

An internal operating budget of \$13,720,046 was approved by the trustees. It will operate the Carbondale and Southwestern campus complexes for the fiscal year 1970-71.

The budget is \$8,018,621 larger than allocations for the 70 fiscal year. It is based on a projected fall quarter enrollment of 24,000 at the Carbondale campus and 13,700 at SIU-SW, an overall increase of 2350 students over last year.

Retiring President Doyte W. Morris told the board that the increase reflects not only enrollment increases but also salary adjustments, costs of operation and maintenance of new buildings, and generally higher operating costs resulting from increases in prices of goods and services.

Breakdown of Income

The university's anticipated operating income for the year is shown as \$84,794,768 from (Continued on page 3, col. 6)

Optimism Is Voiced That Term Will Open On Schedule Tuesday

"Those school bells are rounding up that old gang of mine. Labor Day is two weeks' distant, but the fall school semester is likely to grow by several hundred during the next few days."

Next to launch schools will be the Venice school system tomorrow—and there appears to be an excellent chance that the 1970 term will start on schedule.

A deadlock had developed last week, but a tentative agreement was reached Saturday afternoon between the Venice school board and the Madison county board of education.

The two groups began their conference Saturday morning and later in the day were able to hammer out mutually agreeable salary figures to add to previously settled revisions of working conditions and other points of the working agreement.

Meeting Today

Details of the agreement were not disclosed pending a meeting of members of the Madison county board of education at 3 p.m. today at the Lee Park recreation center in Venice. The members have authority to accept or reject the tentative pact, but both sides have expressed optimism that the vote will be to accept.

Madison students are to report at 9 a.m. Tuesday and will be dismissed at 11:30 a.m. in an initial faculty orientation meeting with the administration to set for 1:15 p.m. tomorrow in the Venice high school library.

The regular class schedule in Venice will go into effect Wednesday in the Venice high school reporting at 8:10 a.m. Wednesday at 8:05 and elementary pupils starting at 8:30 a.m., depending on year in school and bus schedules.

Madison Pupils Report

Madison schools operated this morning, with teachers then assembling at 1 p.m. to meet in the Madison high school auditorium for a short meeting. Full-day sessions will start tomorrow in Madison.

Other school starting dates in the Quad-Cities are next Monday, Aug. 31, for St. Margaret's school, Sacred Heart school and St. Joseph's school in Granite City and the community school in Madison; and Tuesday, Sept. 1, for all Granite City school districts and at St. Elizabeth school in Granite City.

Night School Term to Open

Registration will be conducted Aug. 31 and Sept. 1 and 3 at the Granite City high school adult education office for the fall night school term opening Sept. 8.

The office, located near the Grand avenue entrance, will be open from 9 a.m. to 9 p.m. on the four registration days. M. W. Wirtz, county director, said a full range of adult education courses is planned including driver's training, the "Win Back" high school diploma program, general education development, data a processing and numerous vocational courses.

Among new offerings is electric control systems training.

Vandals Damage Home

Vandals damaged a new home under construction for David Gray at 2650 Whipoorwill lane. It was reported to the Madison county sheriff's office at 10 a.m. Sunday. The porch of a bathtub was broken, water pipes and a four-inch main pipe were bent and a rear door window was broken.

Two Autos Collide

Autos driven by Earl J. McCarty Jr., 2804 Buxton avenue, and Raymond Hillman, 2965 Madison avenue, collided at 1:05 p.m. Friday at 27th street and Grand avenue.

Gun Dealer Sentenced On Federal Charges

Ronald E. Shafer, 43, of 4921 Redwood lane, is free under \$25,000 appeal bond following his sentencing in federal court at Springfield last week to a total of 80 years imprisonment, although the sentences would require him to serve a maximum of ten years.

Schafer was sentenced on 10 counts of violations of the Gun Control Act of 1968. Six of the sentences were for ten years and four were for five years, but all sentences were set to run concurrently.

He was indicted in November, 1969 and tried by a jury last February. A motion for probation was denied.

Schafer, a former Granite City gun dealer, was charged with the sale of grenades without a record of the transaction; the transfer of grenades without making a record; possession of unregistered grenades, the sale of an automatic pistol to a convicted felon and sale of a similar weapon to a person he allegedly knew was not a resident of Illinois.

State Agents Encounter Odd Violations

The law enforcement division of the Illinois Department of Conservation issued 907 citations in July, according to Bill Miller, chief of the division.

"There were several unusual violations as well as the more normal ones," Miller said. Among the 340 citations issued to boating violators, 153 were for not having approved life-saving devices, 94 for not having approved fire extinguishers, 51 for operating unregistered boats and 18 for towing a skier without an observer in the boat.

There was one citation for operating a boat while intoxicated and one for not having a battery cover.

"The battery cover law became effective just this year," Miller said. "Refueling on the water can cause gasoline to spill. Gasoline on an uncovered battery can result in a spark and a bad fire. This new law is for the safety of our boaters."

Varied Violations
Thirty-seven park violations included swimming in a no-

swimming area, allowing children to wade in a river, speeding, camping without a permit and entering a park after closing hours.

One of the 18 Game Code violations was for the taking of an insect-eating bird. "Illinois statutes protect all birds, game or non-game," Miller said. "Most of the birds in Illinois are protected as insect-eaters, songbirds, or endangered species. Some birds can eat hundreds of mosquitoes a day. Others are a pleasure to see and hear. I think we all agree that such birds should be protected."

Other citations were issued for possession of wild animals without a game breeder's permit. "To protect citizens from rabies and animals from citizens, we cannot allow people to make pets of wild animals," Miller said.

Other game code violations were uncased guns in cars, loaded pistols in a motorboat and offering to sell a protected bird.

Fishing violations included

littering, fishing without permission and felling trees into a river, camps were 127 citations for not having a valid fishing license.

Why Risk Fine?
"Why anyone would risk a stiff fine rather than buy a \$2.25 fishing license is beyond me," Miller said.

Three citations were for buying and selling timber without a license. "This is the first time such citations have been issued," Miller said. "Any timber buyer must have a permit. The law requires that the buyer purchase a bond. This is to protect the timber owner because the bond is forfeited if the buyer fails to pay the owner for his timber."

Fines totaling \$5,166 were placed into Department of Conservation funds for future projects. Miller pointed out that fines collected during the month are not necessarily the total amount levied by the courts. "Sometimes a fine is not collected for several months after the trial."

MORE ABOUT Brawley

ices performed between Nov. 1, 1969, and July 31, 1970.

Ben Honorable, Venice civil defense director, reported that he has transferred Venice emergency shelter supplies from the Johns-Manville plant to the Phelps-Dodge plant.

It was decided to start condemnation proceedings against buildings at 640 Broadway and 200 Granville street on the basis of their condition.

Health Inspections
Building Inspector William Griggs and Health Inspector William Baucum were asked to check two locations, one in the 1100 block of Logan street and the other in the 200 block of Weaver street.

July traffic on the McKinley Bridge totaled 255,138, including 54,771 vehicular crossings in the first week, 58,102 in the second week, 58,001 third week, 57,013 fourth week and 27,161 in the final three days of the month. The daily average was 8320.

The city received a \$50,000 property tax allocation in July and \$4063 other revenue. Disbursements totaled \$40,173, with the cash balance rising from \$24,023 to \$37,914. There is \$178,751 in the motor fuel tax account and another \$488,799 in the McKinley Bridge revolving fund.

Levee District Lays Off 25

Layoff of 25 employees of the East Side Levee and Sanitary district was made effective Friday because of a shortage of operating funds, according to William "Mike" Ebersoldt of Venice, a member of the board of trustees.

The layoff was ordered following a meeting of Ebersoldt with Morris Campbell, board president, and George Duff, trustee. Both Campbell and Duff are of East St. Louis.

Those laid off included two truck drivers, two laborers, two policemen, two operators, six college students and a number of non-union staff members.

The layoffs are expected to remain in effect until the latter part of the year. Eight members of Operating Engineers Local 149 who had been laid off two weeks ago were scheduled to return to their jobs with the district today.

Twelve members of the union were laid off. The district decided to distribute the cut in workers among all departments after the union contained its members were the only ones laid off.

Bruemmer, Iliel Madison residents, was named executive dean of Maricao Technical College by the governing board of the Maricao County Junior College District this month. The appointment becomes effective immediately.

Bruemmer replaces Dr. Irwin L. Spector, who will devote full time to his position as executive president for educational services for the rapidly growing community college district, according to Dr. John F. Prince.

The new dean has been with the district since 1964, when he left his position as department head and instructor in business education in the Scottsdale, Ariz., school district to become an accounting instructor at Phoenix College. In 1968-69 he was coordinator of distributive education at Phoenix College's Evening Division.

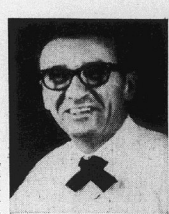

"Dean Bruemmer's educational specialty has helped him to be successful in working with the business community in establishing educational programs," Dr. Prince said. "His outstanding accomplishment during his deanship at Maricao Technical College was the establishment of the American Institute of Banking Program."

Dr. Prince referred to the AIB national pilot study begun last fall at Maricao Technical College in coordination with the Maricao county chapter of the AIB. This fall, 25 banking courses for 1100 students will be offered.

The AIB is recommending to its local chapters across the country that the Maricao Technical College program be studied and adopted in cooperation with other junior colleges.

Laundry, Gilk's Posts Dean Bruemmer also has served as public relations director for the St. Louis Junior Achievement; credit personnel manager, Gilk's department stores, based in Madison, and ran his own cleaning and laundry establishment in Granite City.

He was educated in the Madison public schools and graduated from St. Louis University before receiving a master of

NORBERT BRUEMMER

arts degree in business education from Arizona State University. He had been accepted in the Arizona State doctor of education program.

Bruemmer is a member of the Arizona Education Association, National Education Association, Knights of Columbus, Toastmasters and Kiwanis International. He lives at 8728 East Camelback, Scottsdale, with his wife, Helen, and their four children.

Parkview School Continues As a State Service Center

Ray Page, Illinois superintendent of public instruction, today announced that Parkview elementary school in Granite City will continue as a service and demonstration center for the 1970-71 school year.

The school was chosen by the Department of Program Development for Gifted Children as one of 22 exemplary educational programs for gifted children in the state of Illinois. The programs demonstrated here consist of the continuous progress program

and the special under-achiever program.

Visitors, Workshops

During the 1968-70 school year, the Parkview center hosted more than 220 visitors and conducted 15 workshops throughout the state for more than 600 teachers and administrators.

The center's purpose is to train educators to help them make education more meaningful and more appropriate for the individual child.

At the end of the 1969-70 school

year, nine schools or districts could be cited that had adapted the Parkview program for their schools. As a direct result of this center, more than 1500 children will be receiving more individualized instruction than in past years. W. Richard Brinkhoff, director, reports.

Developed Over Many Years

The center is the result of many years of work by many of the Granite City teachers and administrators and the foresight of the board of education," he commented.

"Especially to be commended are the staff at Parkview school, the committees which developed much of the materials used in the center, and the demonstration teachers. All of these people have devoted much time and talent to making these programs outstanding."

The service and demonstration center receives its total financial support through a grant of \$38,000 from the Office of the Superintendent of Public Instruction, state of Illinois.

Ice Machine Damaged

Vandals pried and kicked a hole in an ice machine in front of Bill's Gulf service station, it was reported at 9:05 a.m. Saturday. A lock was found on top of the machine. It was undetermined if any ice was missing.

Home on Leave

Pvt. 1st class John Bringer, son of Mr. and Mrs. Francis C. Bringer, 2616 Jordan avenue, is on leave visiting his parents, after serving nine months in Alaska. He will go to Fort Lewis, Wash., Aug. 29 prior to leaving for Vietnam.

legislative appropriation and tuition charges; \$13,933,278 from operation of auxiliary enterprises, such as residence halls; and \$15,031,000 in restricted accounts, including \$1,070,000 in general student activity fees.

Budget allocations for 1970-1971 were approved by the board as follows:

Education and general expenses, \$97,189,218; Auxiliary enterprises, \$13,933,278; university student activities, \$1,070,

000; and student aid (scholarships, fees and fellowships) \$1,566,550.

Discuss Subversive Groups

During the review of allocations for student activities, Martin Van Brown, a board member who resides in Carbondale, asked whether any organizations listed by the federal government as subversive were operating at SIU.

Willis E. Malone, acting chancellor of the Carbondale campus, replied that each group is judged on its behavior at the school.

The board accepted the resignation of Dr. Delyte W. Morris

Thompson Wins Another, Molitor Assures Tie for Championship

Mercer's baseball team dropped two games yesterday afternoon when relief pitching failed to hold up in the first game at East Alton and the Mercer team went scoreless in the second against Collinsville which assured itself of at least a tie for the Inter-City League season title. Both games were played at Wilson Park.

East Alton eked out an 8-7 victory over Mercer by scoring four runs in the ninth; Mercer had led 7-4.

Don Rains pitched the first seven innings for Mercer, with Bob Finkle catching, and allowed four hits and one walk, recording three strikeouts.

He was relieved in the eighth by Ed Hagnauer, who pitched one and two-thirds innings, allowing three hits and five runs. Larry Corey pitched the remaining one-third inning, giving up one hit. Hagnauer was the losing pitcher.

East Alton scored two runs in the first inning, one in the third and one in the eighth before rolling up the four ninth-inning runs to take the lead and win the game. The team scored its eight runs with eight hits and one error. Jim Blackledge was the winning pitcher, with Lee Davis catching.

Mercer's Finkle garnered three RBIs, Charley Johanninger had two RBIs and Don Rains and Terry Brown one each.

East Alton's Lee Davis, Mike Compagno and Jim DeWitt each drove in two runs, Jim Frazier one and DeWitt the winning run.

Collinsville held Mercer scoreless in a 2-0 game in which Collinsville scored both its runs in the first inning and piled up 12 hits throughout the game.

Bruce Thompson of Granite City was the winning pitcher for the visiting Molitor-nine, with Don Lemon catching. Mercer collected seven hits, but could not get around the bases.

Jim Rains was the losing pitcher.

Thompson gave up three walks and had 10 strikeouts while Rains, who gave up no walks, had four strikeouts. Thompson's record is now 7-0.

Collinsville's Doug Edwards brought in one of the Collinsville runs and the other was driven in by Thompson.

Collinsville had 14 wins and four losses, with two games remaining. Second-place East Alton is 11-6.

Sutcliffe Sprints to Victory at Speedway

Dick Sutcliffe, Kansas City, Mo., was first across the finish line in the sprint car feature race Friday night at the Tri-City Speedway.

A crowd of nearly 2000 watched spirited sprint and hobby-stock car competition, both categories being run on the half-mile oval track.

Wib Spalding, Granite City, was the fastest qualifier in 24.12 seconds and placed second in the feature ahead of Bill Utz, Sedalia, Mo., Jim Moughan, Springfield, Ill., Ronnie Perkins, Rosewood Heights, Ill., and Tom Corbin, Carrollton, Mo., who was sixth.

Spalding also was second in the trophy dash, bowing to Gary Scott, Jefferson City, Mo. The three heats were won by Moughan, Sutcliffe and Ray Determan, Edwardsville.

Stanton Hobby Winner

In hobby car racing, the feature went to Bobbie Stanton, Alton, followed in order by George Gruenfelder, Madison, Louis Jantzen, Alton, and King, St. Louis.

Jantzen was fastest qualifier in 28.63 seconds, Spalding won the trophy dash and Jantzen took the heat race.

There was no other racing here during the weekend, but the coming weekend will see the Speedway lighted on two nights.

Sprint, hobby and midge autos will race on the half-mile track Friday night and motorcyclists will compete Saturday evening.

On Friday there will be qualifying, a trophy dash and a 20-lap feature in all three divisions for a total of nine events. The entire evening will be open to all drivers who sign up for any one of the divisions.

Cubs, Burgers, Suds Tops in Tournament

In the Granite City park district's seventh annual boys' baseball invitational tournament played Saturday and Sunday at Wilson Park, championships

were won by the Jim Barton Cubs in the Bantam division, Granite City Dogs-Suds in the Midget division and Granite City Burger Chef in the Juvenile division.

Game results were as follows: BANTAM DIVISION—Mascoutch 7, GC RRs 4; Northtown Rentals 4, Lebanon 1; Jim Barton Cubs 9, Mascoutch 7; and Barton Cubs 2, Northtown 10. MIDGET DIVISION—Alton 10, Collinsville 0; East Alton Cubs 2, Mascoutch Colts 1; Lebanon 12, Stanton 0; Dogs-Suds 5, Alton 3; East Alton 4, Lebanon 3 (10 innings); and Dogs-Suds 4, East Alton 3 (innings). JUVENILE DIVISION—Florissant, Mo., 6, GC Optimists 5; Burger Chef 8, Overland, Mo., 1; and Burger Chef 6, Florissant 4.

58 Tickets Left Here for Cardinal Glennon Grid Game

With 32 tickets sold so far, another 58 tickets are available through the Granite City Glennon Hospital benefit football game Saturday night, Park Supt. Harold Brown reported today.

Deadline at the park district office in Wilson Park is Wednesday, since the tickets must be turned in Thursday morning to the Glennon Hospital, Brown said. In this year's contest, the St. Louis grid Cardinals will host the Chicago Bears at Busch Memorial Stadium.

The cost is \$4.15 per person, including a \$3 ticket and the \$1.15 cost of bus transportation. Those attending with the park district are to board buses leaving at 5:30 a.m. Saturday from the Wilson Park ice rink.

Tri-City Park Wins

Tri-City Park Tabernacle defeated Bethel Evangelical Free Church 11-4 in Church League slow-pitch softball playoffs at Worthen Park Saturday. Garland Horn, Charles Troy and Leon Stephens each collected three hits and Randy Hilbreth four hits for Tri-City Park, and Jerry Burger collected three hits for Bethel.

GC 2nd in State Jamboree Relay

Granite City entries in the Illinois Junior Sports Jamboree held at Pekin on Thursday through Saturday fared well and almost "brought home the bacon."

The midget division 220-yard relay team — despite replacement of John Bogosian with Steve Sedabres due to a muscle pull — was in contention until the final passing of the baton.

Runners in the next lane crowded over and the slight delay made the difference, with the Granite Cityans capturing second place in the state. They were two-tenths of a second off the pace.

Other members of the relay quartet, coached by Gus Schalkham, were leadoff runner Chris Brandt, anchor man Carl Bandy and Mark Fulcher. Sedabres was at Pekin to vie in the midget long jump, in which he finished seventh.

Allen Sunderlin placed sixth in the junior division 220-yard dash, while Keith Asher was seventh on a coin toss (tied for sixth) in the junior jump.

Dennis Cruise competed in the intermediate baseball throw. The finals of the 15th annual meet were run Saturday on a rain-soaked track at the Pekin Memorial Stadium.

SECOND IN STATE was the record of this 220-yard relay team from Granite City, shown with trophies at the Illinois Junior Sports Jamboree Saturday in Pekin. Pictured (left to right) are Mark Fulcher; John Bogosian, who did not run due to a pulled muscle; Gus Schalkham, relay coach and chaplain; Carl Bandy; Steve Sedabres, who substituted for Bogosian; and Chris Brandt.

Belleme Bows 10-5 To Top Millstadt Team

Belleme Sporting Goods solo homer in the eighth frame.

Top hitter for Belleme was Greenwald in a three-for-four day. In the seventh, Belleme closed in for a 7-5 score on three runs as Hamilton tripled and Howard Bolton, John Corrie, Greenwald and Simpson singled.

Ron Laws, who started on the mound for Belleme, gave up five runs and three hits while walking eight. Millstadt, leader of the Monroe division of the Mon-Clair league with a 13-1 loop record, opened the game with a run in the first inning.

Belleme tied it as Jim Greenwald homered to left center. The local team scored again in the third to take a short lead as Barry Sykes walked, took second on a passed ball and came around on a hit by Rich Bledsoe.

Millstadt went ahead in the fourth as Laws filled the bases on walks and Schuttenhofer doubled. He scored minutes later on a single.

Dan Hamilton relieved Laws on the mound in the fifth and gave up the other five runs on six hits and four bases on balls. Ron Simpson took over mound duties in the ninth inning and retired the side in order.

Onstath, who had singled earlier for Millstadt, added a

Grid Drills Will Begin Wednesday

Pre-season football practice for the Granite City and Madison high school teams will be inaugurated Wednesday, the day schools affiliated with the Illinois High School Association will jointly launch their conditioning exercises, instruction in fundamental techniques and drills on specific plays and patterns.

With the Madison school term already in progress, Trojan grid training is planned for Wednesday afternoon, leading up to the season opener Friday evening, Sept. 18, at O'Fallon, Ill.

MHS is the defending Midwestern Conference champion. Since Granite City classes do not start until next week, the Warrior football candidates will be able to assemble at 9 a.m. Wednesday.

Tied for second place in the Southwestern Conference in 1969, GCHS will begin its 1970 campaign at Stephen Decatur high school, Decatur, Saturday night, Sept. 19.

Eagles Win Twice in Prep Boys Softball

The Eagles edged the Cobras 13-12. Cobras overwhelmed Mercer's 12-5, and the Eagles defeated Mexican Honorary 8-5 in High School Boys League softball playoffs at Wilson Park Saturday.

The Eagles gathered 17 hits, led by Ed Hagnauer with four hits, Dave Meizer with three hits, including two home runs, Jeff Meizer with three hits, and Gary Stutch with a home run. For the Cobras Bill Parks clobbered three hits, including two home runs, and Steve Morris had three hits.

In the Eagles' second game Dave Meizer connected for a home run against Mexican Honorary.

THE TRUTH ABOUT MARIHUANA

"Why doesn't anyone tell the truth about Marihuana?"

"Smoke pot... and you end up hooked on heroin!"

"Man, it's cleaner than alcohol!"

"It's the first step right into the Psycho ward."

"There's just no reason to keep it illegal!"

Today not one of those statements is true. Because to date, not one is based on scientific fact. Millions of dollars are being spent this year on research to get these facts. But there's one fact you should know NOW. Possession of marihuana in the United States is a felony. Don't treat that fact lightly!

Conviction, even with a suspended sentence, CAN, in some states, prevent you from getting a driver's license, furthering your education, landing a government job, or working in a profession. With marihuana, some thing that may be important to you in the future can go up in smoke. And that IS the truth!

Urgent That Sheriff's Procedural Weaknesses Be Corrected -- Grand Jury Johnson Road Easements To Be Used for Sidewalks

Related Story on Next Page

The Madison county grand jury's report on operations and finances of the sheriff's office, assailing "many weaknesses and deficiencies" which it calls on "responsible county officials" to correct immediately, includes the following key excerpts:

The matter is urgent. The conditions and practices disclosed pose a clear danger to the provision of modern, competent and efficient police protection in the county.

Commencing July 30, the grand jury heard many hours of testimony from over 300 witnesses, and in excess of 100 documents were considered relating to the operation and financing of the sheriff's office.

The investigation included

polices and practices relating to the payment of deputies for the use of their personal automobiles for the performance of certain of their duties.

The sheriff's office is a fee office. The concept of a fee office derives from the historical idea that the sheriff could charge enough fees, which are fixed by law, to pay for the operation of his office.

Civil Enforcement Duties

The office has two main functions. The first is its historical function to serve civil process, such as summons, and subpoenas; to serve the court in carrying out its directions, such as conducting sales or making deeds pursuant to court orders.

From the performance of this function of serving civil process, the office derives revenue

of approximately \$4500 per month.

The second function is to enforce the laws and keep the peace in unincorporated areas. This function has been of increasing concern in recent times due to the suburban development of suburban areas that do not have any other means of police protection.

Total cost of operating the sheriff's office each month is approximately \$45,000. The difference between the fees collected from service of civil process and the total cost of operating the office is made up by the county from funds derived from general taxation.

The sheriff's budget must be approved each year by the Finance Committee of the Board of Supervisors and, ultimately, by the full Board of Supervisors, which appropriates the money and passes the tax levy ordinance each year. The system and procedure have not changed significantly in the last 25 years.

12 Daytime Deputies

The Madison county sheriff's office presently has 12 day deputies, not including the sheriff and his chief deputy. Their work time is not limited to the hours of nine to five, since they are frequently out at night performing their tasks.

Ten of the "day" deputies are assigned primarily to the job of serving civil process. The other two "day" deputies are assigned primarily to the investigation of crimes and handling of juvenile matters. Any of the "day" deputies will handle a call for assistance in any area where they happen to be assigned to work.

Deputies are paid \$640 per month, except the two assigned mainly investigative duties, who receive \$680 and \$700 per month.

The "day" deputies also each receive approximately \$100 per month as a division of mileage fees from service of civil process. This is the so-called "six-month split."

None of the deputies receives any overtime pay. They are all required to perform duties after what would be considered normal business hours. The two investigators are required to work frequently at night.

The county furnishes them no uniform or clothing allowance.

Furnish Own Autos

The day deputies must furnish their own autos. They have requested on many occasions to be furnished with autos by the sheriff's office or the county, but these requests have been ignored by the sheriff and, in-

ferentially, by the County Board of Supervisors.

The chairman of the Board of Supervisors is aware that the "day" deputies must furnish their own autos, but indicates he sees no reason to change the practice at this time.

The previous sheriff provided his investigator with an unmarked auto, paid for the gas and oil and, for a time at least, paid a flat monthly sum of \$100 per month for "investigation."

"Day" deputies drive their autos approximately 3000 miles per month on county business.

They are supposed to buy their own insurance. However, because of the high premiums involved -- approximately \$600 annually -- for cars used in police work of transporting prisoners and mental patients, performing investigation, attending riots, and so forth, it appears that they do not fully inform their insurance companies of the usage of their autos.

The office makes no review of its insurance coverage on these personal autos.

It appears very likely that the county is without any insurance protection with respect to accidents in which these cars might be involved, although the county would be liable for the negligent acts of its employees who were in the course of their duties.

The sheriff's office has 40 "night" deputies. They are furnished uniforms and are paid partly by the county and partly from the fees from service of civil process.

The county provides 14 marked patrol cars. None of these cars is used by any of the "day" deputies. The cars are idle all day, parked at the County Jail. They supposedly are being washed or serviced.

Also, these cars are reportedly damaged with great frequency, but the office is unable to assign responsibility for the damage. There are never more than nine cars in use on any one shift.

The outside auditing firm of R. C. Sheffield & Co. has recommended in its audit reports for the last four years that "a comprehensive study be made of all travel reimbursement of the sheriff's office, to find means which will more accurately reimburse all employees for their job-required actual travel expenses."

The grand jury is unable to find that any meaningful study of the problem was ever conducted. All witnesses who appeared agree that employees who are required to use their personal cars on county business are entitled to be reimbursed.

Easements being sought by Johnson road. The amount of ground needed from about 12 to 14 parcels of residential property along the entire stretch of the improvement will vary from one to four feet, Kieberger said. Most of the property owners already have signed easement waivers.

School Is Open; Remind Drivers to Use Caution

Safety officials, police authorities and auto clubs have initiated their annual "School Is Open" campaign to remind motorists to use the highest degree of caution as youngsters go back to the classrooms.

About 11,000 children each year are involved in traffic accidents as they travel to and from school. Primary grade children ages 5-8 are involved in two out of every three school age pedestrian accidents.

The Missouri Auto Club has distributed 12,000 posters and 24,000 bumper strips to remind motorists that "School's Open -- Drive Carefully." Local law enforcement agencies and school personnel are working together to make this a safe year for children returning to the classroom.

Yield to Children

All drivers are urged to give school children an extra margin

SCHOOL'S OPEN

DRIVE CAREFULLY

"We want to install sidewalks so that the youngsters can walk to school," Parmley said, noting that "None of the houses. This certainly is not the case."

City Engineer Kenneth Kieberger said easements still must be obtained on three or four parcels in the south section of the project, between Franklin and Lindell, and that only one easement still must be obtained to the northern section, between Lindell and Pontion road.

He pointed out that the Johnson road improvement, while also will correct drainage problems in the area, will add to the value of the property along

Witnesses Called Prisoners for Travel Pay

Related Story
on Preceding Page

The Madison county grand jury pointed out last week that the only fund appropriated by the County Board of Supervisors to reimburse personnel of the sheriff's office for the use of personal autos is the Prisoner Transportation Fund.

It added the following comments: Currently, the appropriation for this fund is \$26,000. At the present rate of expenditure, an additional \$700, or a total of \$33,000, will be spent this fiscal year.

Statutes authorize the sheriff 20 cents per mile for transportation of prisoners and 15 cents per mile each way for criminal investigation.

A "day" deputy performing criminal investigation would drive 3000 miles per month, would technically be entitled to \$450 per month, assuming an accurate verification of the mileage.

The deputies must transport many varieties of persons including, occasionally, jurors, witnesses, prisoners, mental patients and juveniles.

The appropriation for criminal investigation is \$4000 and this is not used for transportation claims because it is not large enough and because of the policy of the office that any claims on this fund go to the sheriff's office and not directly to the deputies.

Thus, we have the incongruous situation that if a representative of another law enforcement agency, for example, the FBI, were transported from the St. Louis airport to the Edwardsville courthouse to testify as a witness in a case, the only fund available to reimburse a "day" deputy who drove his own car would be the Prisoner Transportation Account.

It is noted that the two investigators who also drive their own vehicles 3000 miles per month, serve few civil papers and transport few prisoners, because their transportation is mainly for investigation of crimes, taking reports, contacting witnesses and the like. Claims on the Prisoner Transportation Fund are made on forms in use for at least 35 years. No one seems to know the origin or why they are used.

They list dates, names, places and mileage one way. They appear to indicate that the person named was transported between the places indicated. In this regard they are misleading.

The rate claimed is 20 cents per mile and this amount is doubled to make a computation for mileage both ways. There is no claim of 40 cents per mile each way.

Many of the claims show on their face that a person listed is a juror or a witness or a matron. Most of the claims do not indicate on the reverse side that they are for prisoner transport.

portion, and yet they are all paid from that fund.

The claims are signed by the deputies as being a claim for money "justly due." It appears that the Sheriff and the Chief Deputy condone a practice whereby the "day" deputies "claim" prisoners who are actually brought in by the night deputies; this is asserted to be a practice of 20 years' standing.

Names are listed on the claims forms, even though they were only interviewed on a matter. These claims are all approved for payment by the sheriff's office.

They go to the county auditor's office, where they are checked for mathematical correctness and file stamped. It does not appear that any of the claims are actually sworn to before a person authorized to administer oaths, although the form would appear to so require.

The claims then proceed to the Finance Committee of the County Board of Supervisors, where they are again checked for mathematical accuracy and approved for payment.

The claims then go to the full Board of Supervisors for payment. It seems clear that when the claims are approved, both the auditor's office and Finance Committee are on notice that these are not only claims for prisoner transportation.

The fund number for transportation of prisoners is "22" and is apparently assigned in the auditor's office.

The two investigator "day" deputies have been receiving an average of \$150 to \$200 per month on these claims. The other "day" deputies have been receiving \$150 to \$400 per month from these claims.

Needlessly Deceptive While the deputies may be justly entitled to reimbursement for the expense of using their own vehicles, the present practice and procedure is needlessly deceptive. Moreover, it has the injurious effect of sapping the integrity and eroding the credibility of the very men upon whom many people of this county must rely for law enforcement.

The practice cannot be tolerated or condoned any longer. Certainly, this county is not so poor that it cannot provide adequate numbers of vehicles for use on police business. In fact, it has a healthy surplus aided by the county share of state income taxes.

Moreover, there is no efficient system presently in effect for proper use of vehicles nor available. It is the sheriff himself who must assume this responsibility and, in our view, it is the duty of the Board of Supervisors to provide the necessary funds, the grand jury said.

No one has ever discussed the cost of county vehicles for the "day" deputies with the county auditor, who had approximate cost figures readily at hand to estimate cost of police vehicles.

Acquisition would not be more than \$2600 per unit with an additional nine cents to eleven cents per mile for gas, oil and insurance. Indeed, the sheriff himself immediately knew it

would cost only about \$156 per month to lease a vehicle.

Decision Delayed

The point is that the needed decision has been delayed too long. The time for action is now. The grand jury recommends an immediate survey of the automotive needs of the sheriff's office, full utilization of existing equipment and procurement of any needed new equipment.

The use of private vehicles by sheriff's deputies should be stopped at once. The total cost of providing necessary county vehicles will be less than what the cost would be if the investigators were compensated at the rate of 15 cents per mile.

The reduction of the prisoner transportation appropriation and the addition of the small appropriation for investigation would go a long way toward paying the necessary expenses.

County Able to Pay Additionally, the sheriff's office for the six months ending July 31, 1970 has generated excess fees of \$30,000, which it is obliged to turn over to the county.

While these monies may be allocated, the point is that the county treasury is not short, and the fee office itself should be abolished. It serves no useful purpose today.

It goes without saying that if the county provides vehicles for the "day" deputies, they will no longer be entitled to the so-called "six-month" split of the set-aside on fees from service of civil process or to reimbursement for use of their personal vehicles.

ated for "prisoner transportation" for general transportation purposes may well be a legal cause to place the bonds of responsible public officials in suit. We recommend the state's attorney take any indicated action in that regard.

The grand jury also notes that these excess fees and other monies of the sheriff's office, which build up over a period of time, are not placed at interest, but instead merely remain on deposit in a checking account.

There is something to the argument that the sheriff cannot be a banker and devote his attention to placing money at interest. This is not his function, and he should be relieved of any responsibility in that regard.

All monies from fees and a otherwise should be paid into the county treasury. In short, the fee office itself should be abolished. It serves no useful purpose today.

It goes without saying that if the county provides vehicles for the "day" deputies, they will no longer be entitled to the so-called "six-month" split of the set-aside on fees from service of civil process or to reimbursement for use of their personal vehicles.

Varied Exhibits, Prizes at Rotary Modern Living Show

Exhibits and prizes galore will highlight the annual Granite City Rotary club Modern Living Show Friday through Sunday, Aug. 28-30.

Location of the show will be the ice rink-recreation center in Wilson Park. Well over 50 booths are planned.

All booths will display appliances designed for better living and will provide information concerning such products.

Cooking, Lighting Illinois Power Co. will present a demonstration on gas cooking grills and display an electric tractor and an array of unusual lighting fixtures.

Included in the lighting will be post lights featuring a new

night lighting fixture attached to a 15-foot pole. All members of the sales department of the power company will participate in the three day show.

A movie, to be shown on a continuous basis, explaining the courses given at the Granite City School of Beauty Culture, will be the main feature at its booth. The film shows all phases of the beauty culture course taken by students prior to taking the state board examination.

Also displayed in this booth will be a variety of hairpieces, such as wigs, wiglets, cascades and falls, all done in the latest styles.

Pharmacy Demonstration For health and exercise-minded residents, Mid-Town Pharmacy will have a whirlpool bath and exercise equipment on exhibit, with demonstrations on the exercise paraphernalia at intervals during the show days.

"Christmas in August" will be the theme of Schermer Brothers' booth. They plan to have various garden supplies

displayed with an assortment of holiday decorations, ornaments and artificial Christmas trees.

Other than the booths and demonstrations, there are to be 11 concession stands, seven rides for young people and adults and four rides for youngsters. Prizes will be reduced on all rides from noon to 4 p.m. on Saturday.

Admission to the show will be 25 cents per person; children under 12 years of age will be admitted only if accompanied by an adult.

All proceeds derived from the show will be applied to community projects sponsored by the host club.

Numerous prizes, including a 10-inch portable television

set, vacuum cleaner, camera, a weekend trip for two to the Lake of the Ozarks, a guitar, telephone, will be given away at the Modern Living Show.

Nearly all prizes were purchased by the Rotary club from booth exhibitors.

Other prizes will include a "slim gym," instant camera with electronic flash and charger, 100 pounds of soap, a 16x20-inch color photograph, wall mirror and candelabra.

Princess telephone, artificial plant, 10 cases of soft drinks, 15 retail store coupon books, a brass serving cart, a disposal unit and \$50 certificate for beauty services.

Vandalism Thursday Near Madison Bridge

Vandals damaged a small steel cabinet near the Madison-owned Chain of Rocks Bridge Thursday night, knocking over a nitrogen tank and causing its contents to escape.

The tank and nitrogen are valued at \$8 and in effect are more valuable because they supply pressure to a telephone cable which crosses the Mississippi river on the bridge. The pressure prevents water from entering the cable.

SIU-SW Music Majors To Present Recitals

Two music majors at Southern Illinois University-Southwestern campus will join in giving their senior recitals Wednesday at 8:15 p.m. in Lovejoy Library auditorium.

They are Lanora DeGny, soprano, who lives in Florissant, Mo., and Margo Gower of Booneville, Mo., clarinet.

The recital, open to the public admission free, is being presented in partial fulfillment of the requirements for the bachelor of music degree which Miss DeGny and Miss Gower expect to receive at the end of the summer quarter.

New Degree Programs Proposed at SIU-SW

The Southern Illinois University board of trustees approved on Friday two new programs for the Southwestern campus. One is a two-year Associate in Arts degree in the Cultural and Performing Arts; the second is a Master of Science in Educational materials.

Both programs need approval by the State of Illinois Board of Higher Education. They will become effective upon the state board's approval.

The two-year degree in cultural and performing arts is intended to consolidate and extend the work already begun by

Miss Katherine Dunham in East St. Louis. It is aimed at "providing an avenue for cultural development, increasing educational levels and reducing the feeling of alienation and disenchantment among the disadvantaged."

One of the major objectives is to motivate such students to participate in an academic as well as community service program.

The master's degree proposal for instructional materials has been recommended by the SIU Graduate Council and the Dean of the Graduate School of SIU-SW.

The trustees were told that the Division of Education on the local campus has faculty members who are qualified and prepared to offer the instructional materials program.

Approval also was given Friday to move the Transportation Institute of Southern Illinois University from the Carbondale campus to the campus here. The Institute will be transferred to the Business Division.

The board of trustees reaffirmed SIU's stand on equal employment opportunity and spelled out the application of an employee conduct code.

Fun Fair Plans By GC Optimists

William Harris of the United Fun Fair arrangements committee addressed Granite City Optimists on plans for the annual fair at their weekly luncheon Thursday at the Rose Bowl.

Others participating in the program were Leo Kozan and United Food Executive Director David Norton. The club voted to again operate a booth at the fair to be held Oct. 3 and 4 at the ice rink in Wilson Park.

Vice-President Ted Ellerman presided and the Optimists decided to pay the cost of a dinner for 80 Neighborhood Youth Corps participants. Pete Carich is counselor of the group. The annual installation of club officers is planned for early September. Guests introduced Venice Township Supervisor Arthur W. Moore.

Mrs. Agnes Boyer, 87, Succumbs in Hospital

Mrs. Agnes Boyer, 87, of 2503 Grand avenue, died at 10 p.m. Friday at St. Elizabeth Hospital where she was a patient five weeks. She was ill for three months.

Kindergarten Pupils on Bus Routes Will Be Transported

Kindergarten children who live on regular school bus routes will be transported to and from school this year, Granite City school district officials reported today.

This was brought about by the change in the law that has made it mandatory for school districts to offer kindergarten, thus making it necessary to provide transportation to and from school for those kindergarten children who live within the legal area for transportation—one and a half miles from the school attendance center.

Since most kindergartners have not ridden a bus alone before, mothers are being asked to take certain precautionary measures to eliminate the necessity for the bus driver to take children back to school in the event that they forget where they should get off, a school spokesman explained.

Mothers are asked to pin to their children's clothing a tag giving their names and address. It is also advised that mothers meet their child's bus the first few days until they have become acquainted with their route.

Letters to Give Bus Number
Letters will be sent to kindergarten parents notifying them as to the exact number of

the bus that their children will ride.

General areas that kindergarten buses will cover are as follows:

Stallings school:
Bus 101—Highway 162, Sand Prairie, Holiday Mobile Homes Park.

Bus 102—Quiet Valley, Lakeview Estates.

Mitchell school:
Bus 103—Meadow Lane, Old Alton road.

Bus 104—Chain of Rocks, Cedar Park, Sunnydell Acres, Van May Park, Thorngate.

Maryville school:
Bus 105—Harrison, Warnock, Tank Town, Hills Terrace.

Parkview school:
Bus 106—Pontoon road, Division, Breckenridge lane.

Frederick school:
Bus 107—Pontoon road, Car-gill, Gaslight, Green Trailer Park.

Nameoki school:
Bus 108—Old Alton road, West Pontoon road.

Logan school:
Bus 109—North Granite, Army Depot.

Bus 110—Rock road, Atkins, St. Thomas.

Lake school:
Bus 111—Highway 162, John Glen, Pontoon road, Highway 111, Arlington.

Bus 112—Lake drive, south of Highway 162, Lake road, 200 street, Tri-City Park.

Edmond Golden, 72, Dies in Nursing Home

Edmond Golden, 72, of 2253 Washington avenue, died at 12:30 a.m. Friday at the King Manor Nursing Home, St. Louis, where he was a patient since April 6.

Born in Sugar Loaf, Ill., he was a life-long resident of Granite City. He was employed as a dental technician at the Granite City Dental Laboratory for 40 years and was a member of St. Joseph's Catholic Church. He is survived by his wife, Mrs. Engle Golden; a son, Gerald Golden of Edwardsville; a brother, Walter Golden of Beverly Hills, Calif.; four sisters, Misses Esther, Irene, Florence and Eda Golden of St. Louis; and one grandchild.

An obituary notice appears elsewhere in this issue. Services were held this morning.

Divorce Granted

A divorce decree has been granted to Ruby Marie King from Francis Lee King, both of Granite City. They were married Feb. 20, 1964, in Madison, and separated June 15, 1969. Mental cruelty was charged. Custody of five children was given to the mother, and the father was ordered to pay child support of \$50 per week.

ABOUT THIS QUESTION:

"I understand that Section 1 of a Homeowner Policy does not cover a two-wheel camping trailer with collapsible tent if subject to motor vehicle registration and license. Does the Homeowner Policy, however, cover items of personal property carried in or on such a trailer, away from the home premises?"

FAREWELL PARTY

A farewell party was given Friday evening in the Good Shepherd United Methodist Church, 3025 National avenue, in honor of Rusty Mafford, who will be leaving soon to reside with his family in Arizona.

Rusty was presented with many farewell gifts by his friends.

Refreshments were served to Cindy Arnold, Doug Pitchford, Chuck Kallnosky, Judy Rainwater, Debbie and Mike Curtis, Gary Mefford, Randy Miller, Barbara Turner, Willie Arnold, David and Mike Costello, Ronnie Ingram, Scott Taff, Christi Diak, Cindy Bartling, Jeff and Terri Mefford, Tina and Gary Rainwater, Mrs. Betty Mefford, Mrs. Shirley Costello and Mrs. Virginia Rainwater.

BRADFORD REUNION

A Bradford family reunion and buffet dinner was held in the home of Mr. and Mrs. Arville Taylor (she is the former Irene Bradford), Rural Route two, Saturday afternoon. A covered dish luncheon was served on the patio.

Special guests were Mr. and Mrs. Harold Bradford and son, Ronnie, who are vacationing here from Carlsbad, Calif. Other out-of-town guests were Mr. and Mrs. Jim Bradford and son, Donald, of Collinsville, Mr. and Mrs. Marcus Bradford and Mr. and Mrs. Glen Bradford and son, Edward, of Edwardsville, Mrs. Peggy Golt (nee Bradford) and children, Sheri, Rocky, Lynnie and Raven, and Mrs. Allen Golt of Salem, Mo.

Local guests who attended were Mr. and Mrs. Clyde Bradford and daughter, Diane, Mr. and Mrs. Curtis Bradford, Ralph Bradford, Mr. and Mrs. Arville Bradford Jr., Mr. and Mrs. Bob Jones and children, Kelly and Kim, and the hosts' daughter, Tina Marie.

HERE FROM NEW YORK

Mr. and Mrs. Earl Lewis, 1300 27th street, are entertaining an out-of-town guest in their home this week—their daughter, Mrs. Fred Blackly, the former Mary Lee Lewis, who is visiting here from Forest Hills, N. Y.

Mrs. Blackly, who attended local schools and was a 1968 graduate of the Missouri University School of Nursing, arrived here Friday and hopes to visit her many friends and relatives before returning home next weekend. She moved to New York two years ago following her marriage.

Antoinette Alvarado, Terry Keeneth are Wed

Miss Antoinette Alvarado, a daughter of Mr. and Mrs. Gregory Alvarado, 1807 Poplar street, and Terry Keeneth, a son of Mr. and Mrs. Glen Keeneth of Odell, Ill., were married Saturday morning at St. Joseph Catholic Church.

Rev. Peter Bertoldo performed the ceremony at 11 o'clock and a reception was held in the "300 Room" of the Tri-Mor Bowl.

Bouquets of white flowers decorated the altar, and white bows marked the family pews. Music was provided by Mrs. Clea Judd, organist, and Mrs. Mary Scanlon, vocalist. The songs were "On This Day," "More," "The Lord's Prayer," and "Ave Maria."

The bride was given in marriage by her father. She wore a white silk organza gown, the Empire bodice accented with Venise lace motifs. The high neck and long full sleeves were also trimmed with the lace, and lace bordered the hemline. A full sweep chapel train fell from a soft bow in the back and a Candelot headpiece of lace and pearls secured the bride's cathedral veil of illusion. She carried a Juliet bouquet of white roses, daisies and baby breath.

Two attendants, Miss Rebecca Alvarado, a sister of the bride, maid of honor, and Mrs. Barbara Smith, bridesmaid, wore floor-length gowns of pink chiffon with long sleeves. The Empire waists were trimmed with white lace and both wore garter hats trimmed with pink ribbons. Their bouquets were made up of pink and lavender daisies with pink streamers.

Jessica and Francis Kannady, cousins of the bride, served as flower girl and ring bearer. The former, dressed like the older girls, carried a basket of pink and white rose petals.

Philip Lawrence was best man, and Randy Keeneth, a brother of the bridegroom, and Michael and Robert Martinez, cousins of the bride, were groomsmen and ushers.

The bridegroom's mother was in a blue and white street dress, while the bride's mother chose a pink chiffon and lace dress. Both wore corsages of white roses.

After a honeymoon in the Ozarks the couple will reside in Mt. Vernon, Ill.

The former Miss Alvarado holds a bachelor degree from SIU-Carbondale. She is a member of Sigma Kappa social sorority. Also a graduate of SIU, Mr. Keeneth has bachelor and master degrees. His fraternity is Alpha Gamma Rho, social and professional. He is employed as a sales representative for Allied Mills Inc.

The bridegroom's parents entertained at a rehearsal dinner Friday evening at the Rose Bowl.

Among the out-of-town guests here for the wedding, beside the bridegroom's parents, were his grandparents, Mr. and Mrs. Porter of Pontiac, Ill., and Mr. and Mrs. Philip Lawrence of Carbondale.

MRS. TERRY KEENEETH, a bride of Saturday. Before her wedding at St. Joseph Catholic Church she was Antoinette Alvarado.

MRS. KENT E. CURRAN. She was Mary Alyce Kelso, a daughter of Dr. and Mrs. Thomas W. Kelso Jr., of Champaign, Ill., former Granite Citys, before her marriage Saturday.

Miss Mary Alyce Kelso, Kent Curran Nuptials

The wedding of Miss Mary Alyce Kelso, a daughter of Dr. and Mrs. Thomas W. Kelso Jr., of Champaign, formerly of Granite City, and Kent Curran, whose parents are Mr. and Mrs. Edward Curran of Bensenville, Ill., took place Saturday at Holy Cross Church in Champaign.

The former Miss Kelso is a granddaughter of the late Mr. and Mrs. Robert Dron, of Granite City, and Thomas W. Kelso Sr., and the late Mrs. Garnet Kelso, and a grandniece of Mr. and Mrs. Edward F. Reiske, 2685 State street.

Rev. Bernard A. Rander officiated at 1:30 in the afternoon and at the conclusion of the service a special Apostolic blessing from Pope Paul was bestowed upon the couple.

The bride wore a gown of white organza over taffeta. The Empire bodice of Chantilly lace was designed with a high collar with tiny seed pearls and three-quarter sleeves edged with ruffles. A large organza bow at the waistline highlighted the back, and a chapel-length mantilla edged with appliques of lace completed the wedding ensemble.

The bride wore her late maternal grandmother's diamond wrist watch and carried a hand-made handkerchief purchased by her aunt, Mrs. Wesley Lomax, on a recent trip to Italy. Dr. Kelso gave his daughter in marriage.

A program of wedding music was provided by Dan Brodsky, vocalist, accompanied at the organ by Mrs. Wesley Reeder. The songs were "Wedding Song" (Flor Peeters), and "Ave Maria" (Schubert).

Attendants for the bride were Miss Martha Myers, of Champaign, maid of honor, and Miss Edith Ann Stotler, Champaign; Miss Marjorie Andrews, Mendota, Ill.; Miss Nancy Greenstein, Champaign; bridesmaids, and Miss Cheryl Lomax of Frontenac, Mo., a cousin of the bride, junior maid.

They were dressed alike in Immaculate Conception high school in Elmhurst, Ill., and received a B.S. degree in mechanical engineering from Bradley University in 1969. He is now working toward a master degree in business administration at Bradley.

Business Women Duties Outlined

Duties of officers were reviewed by the Granite City Business and Professional Women's club last week at the Rose Bowl restaurant as the club held a monthly dinner meeting. Mrs. Ruth Walk, club participation chairman, was in charge of the meeting, with officers providing the program.

Participating were Mrs. Lily Chaboudie, first vice-president and program chairman, who introduced the program, "Era of Responsibility"; Pauline Weir, second vice-president and membership chairman; Mrs. Sandy Tounzen, legislation chairman; Mrs. Maxine Butler, world of affairs chairman, represented by Mrs. Mary Batson, past president and vice-chairman of District 14; Mrs. Walk; Mrs. Betty Slate, finance chairman; Mrs. Bonnie Lazenby, public relations chairman; and Mrs. Verna Lengyel, personnel development chairman.

Mrs. Enylee Alford, club president, asked for introduction of guests and Mrs. Catherine Burton, state civic participation chairman, was introduced. She asked that every member be enthusiastic and be interested in government, both local and national. She reminded the members that "Era" can mean "Equal Rights Amendment."

Mrs. Weir and Mrs. Batson gave highlights of the national convention they attended in Hawaii, and Mrs. Weir noted that the BPW club was the first organization of women to hold a national convention in Hawaii.

An Illinoisan, Miss Jean McCarey of Villa Grove, Ill., was elected second vice-president of the national organization. The Illinois delegation was the second largest, with California first.

New members accepted were Marilyn Champion, Marge Salem, Bernadette Dinkler, Hilda Acquaviva, Madonna Creshing and Linda Norris. There will be an installation ceremony for the new members at the September dinner meeting. Mrs. Slate and Mrs. Lazenby received prizes.

A letter of resignation from the board of directors was read by Mrs. Lorene Sadrakula, recording secretary, from Mrs. Lengyel, who cited ill health. Mrs. Ann Burton was appointed by the president to fill the unexpired term of two years.

The club will participate in Nameeki Village charity drive Sept. 17-19 and the United Fun Fair Oct. 3-4.

Mrs. Weir was announced as the chairman of a District 14

Barbara Mang Engagement Told
Mr. and Mrs. Clifford Mang, 2300 Edison avenue, are announcing the engagement of their daughter, Miss Barbara Jean Mang, and Timothy L. Stout, a son of Mrs. Frances F. Stout, 1400 S. State street, Springfield, Ill., and Sam P. Stout, also of Springfield.

A graduate of the Granite City high school, Miss Mang received a B.S. degree in nursing from Southern Illinois University in 1969 and presently is a staff nurse at St. Elizabeth Hospital. Her fiancé graduated from Kemper Military Academy and the University of Illinois. He will complete his senior year of internship in the College of Veterinary Medicine in June, 1971.

The wedding date was not announced.

\$15,000 Suit Fled Over Home Building
A suit for \$15,000 has been filed for Arthur P. and Marie C. Boyle against Jim Watts, doing business as Watts Construction Co., in Madison county circuit court at Edwardsville.

The complaint alleges a breach of a \$21,000 contract entered Jan. 5, 1969, between the parties in the construction of a home at 2549 Morrison road.

WEDDING SHOWER HONORS MRS. MILTON

Mrs. Jean Milton, who was recently married to Michael Milton, was honored with a wedding shower Thursday night at the home of Mrs. Evelyn Sadler, 2014 Richmond avenue, who was hostess along with Mrs. Eva Godwin. The ladies are both aunts of Milton, who has made his home with Mrs. Godwin and her husband, Russell, at 1613 Mitchell avenue.

Mrs. Milton is the former Jean Provove, daughter of Mr. and Mrs. Robert Provove of Murphysboro, Ill. Blue and white streamers decorated the gift table, centerpieces with white wedding bells. Mrs. Pat Wiedow assisted the honoree in opening her gifts.

Games were played and prizes were awarded to Miss Donna Milton, Miss Gail Spole and Mesdames Marian Spole, Betty Davis, Dorothy Robinson, Louise Sadler and Florence Penrod. Other guests were Miss Jackie Penrod, Mrs. Mary McKee, Mrs. Peggy Wilford and Mrs. Lila Thompson.

Bridal motif nut cap favors were placed on the serving table, which held a floral arrangement flanked by white candles.

Not Acquiring Quality Dairy, Firm Here Says

Prairie Farms Dairy, Inc., of Granite City on Saturday denied a variety of allegations by a St. Louis union which had gone on strike against Missouri dairies claiming that the union was a division of Prairie Farms. Teamsters Local 603, alleging that Prairie Farms seeks to transfer or subcontract Quality Dairy Co. business and services, filed a circuit court suit Friday to prevent the Granite City firm from assuming any part of Quality's business. A hearing on a temporary restraining order is set for 10 a.m. Tuesday.

Quality had announced August 18 that other dairies were reaching agreements with Local 603 that it was liquidating its business and assets because wages sought by the local made it impossible to remain in operation.

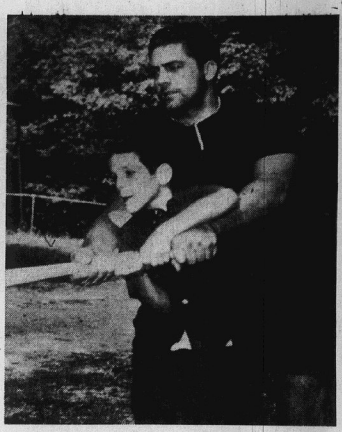

A Prairie Farms spokesman said allegations against it are "completely untrue and without basis in fact. Prairie Farms has made absolutely no arrangement or subcontract or any other agreement for any portion of Quality Dairy's business."

The spokesman said his firm has started negotiations to purchase some of Quality's vehicles.

The suit charged that Prairie Farms' wages and work week differ from those affecting St. Louis dairy drivers and said Illinois and Missouri sanitation laws differ.

Kathleen Diane Zeman, Thomas L. Harriss Wed

Of interest locally was the wedding Saturday evening in Minot, N. Dak., of Miss Kathleen Diane Zeman, a daughter of Mr. and Mrs. Henry L. Zeman of Minot, and Thomas Louis Harriss, U. S. Air Force, a son of Mr. and Mrs. S. E. Moody, 2332 Cardinal avenue.

The ceremony took place at 7:30 at Bethany Lutheran Church in Minot with the Rev. Curtis Brandt sr., officiating.

A gown of white organza with Venise lace trim on the bodice and bishop sleeves was worn by the bride. Featuring a demibell silhouette, it had a detachable train edged in lace. A flowered organza headpiece held in place the bride's elbow-length veil of illusion and she carried a bouquet of daisy pom poms and bachelor buttons.

Miss Georgia Meland, a cousin of the bride, was maid of honor, and Miss Linda Miller and Miss Janice Schuster served as bridesmaids. They wore identical gowns of light blue crepe with blue and white daisies trimming the Empire waists.

Large bows were attached at the back and blue and white daisies adorned their hair. They carried bouquets of white daisies and blue baby breath. Nancy Olson, another cousin of the bride, was flower girl, and Tommy Rovig carried the rings.

Others in the wedding party were George Calico, best man, and John Martin, David Zeman, a brother of the bride, groomsmen. Twin brothers of the bride, Ron and Don Zeman, served as ushers.

A reception was held in the church basement after the ceremony. After a honeymoon in Nebraska, and in Granite City with the bridegroom's parents, the newlyweds will reside in Minot where the bridegroom is stationed at the Air Force Base.

The former Miss Zeman graduated from the Minot high school and attended Trinity Hospital School of Nursing. Mr. Harriss graduated from the local high school and attended McKendree College before entering the Air Force.

Quadrant Navy Mothers 850 held a social meeting Thursday evening at the VFW Hall with 29 present, including two guests, Mrs. Jolene Pascoe and Mrs. Patricia Rigney.

The charter was draped for a deceased member, Mrs. Pat Watson. The "mystery" package was won by Mrs. Elberta Ettington. Kathy Sitter received the special award and other prize winners were Mrs. Elsie Quinlan, Mrs. Mildred Walker and Mrs. Ettington.

Refreshments were served by the hostesses, Mrs. Frances Westbrook, Mrs. Margaret Minzes and Mrs. Jean Teller. Plans were made for the next meeting Sept. 3.

MRS. HENNRICH IS HONORED BY CLUB

Combined with a meeting of her pinocchio club Thursday evening, was a birthday party for Mrs. Grace Hennrich, who was presented with a gift from the members.

The hostess, Mrs. Veronica Wagner, 1643 Lindell blvd., included a guest, Mrs. Cecilia Lyon.

Prices in the games were won by Mrs. Margaret Richardson, Mrs. Libby Lombardi, Mrs. Agnes Schwarzkopf, and Mrs. Leona Parenti. Refreshments were served by Mrs. Wagner to those mentioned and to Mrs. Grace Ragny. The next meeting is to be Sept. 17 with Mrs. Vera Carey on Pontoon road.

MRS. MICHAEL FORCADE. Her wedding took place Saturday afternoon in Cincinnati, Ohio.

Cecilia McCane Marries Michael Charles Forcade

A number of local people journeyed to Cincinnati, Ohio, over the weekend to attend the wedding Saturday afternoon of Miss Cecilia Gay McCane, a daughter of Mr. and Mrs. Ralph McCane of Cincinnati, and Michael Charles Forcade, a son of Mr. and Mrs. Elmer C. Forcade, 2333 Waterman avenue, Granite City.

The ceremony took place at 1:30 in the Kenwood Baptist Church with the Rev. Richard Lyon officiating. Assorted flowers in shades of turquoise and white in silver vases decorated the altar, and at each side of the door to the entrance stood baskets of flowers on tall stands.

The bride's gown of white silk organza was styled with an Empire bodice. Venise lace encircled the neck and formed a panel down the front of the laced bodice. Long sleeves of organza were edged with the same lace, as was the bouffant mantilla type veil which fell to the floor in a cathedral train.

The bridal bouquet was made up of white orchids and roses tied with satin ribbon and lace streamers which were used on the bouquet carried by the bride's mother at her wedding 25 years ago.

Miss Carolyn McCane, a sister of the bride, was honor attendant, serving with three bridesmaids, Miss Laurie Every, and Miss Deborah Jahn, both of Cincinnati, and Miss Susan Schrickel of Chicago.

Their gowns, made alike, were of pale turquoise silk linen. They were floor-length with high waists edged with self-emerald lace. All four wore matching headpieces and held cascades of turquoise and white flowers.

Mr. Forcade had Gregory

Wozniak of Granite City as best man, Byron McCane, a brother of the bride, James Dunn and Greg Patton of Granite City, Charles Henry of Battle Creek, Mich., and William O'Neill of Granite City were groomsmen and ushers.

A reception was held in the church Fellowship Hall directly after the ceremony and the couple left later for a honeymoon in New Orleans. When they return early in September they will live in Cincinnati.

The bride, a June 1970 graduate of the University of Illinois, is employed in Cincinnati as a statistical and computer consultant. Mr. Forcade attended the local schools and was also graduate of the University of Illinois.

Attending the wedding from the Granite City area, beside the bridegroom's parents, were Mrs. Mary Forcade, Mr. and Mrs. Fred Johnson, Mr. and Mrs. Arthur Haake, Mr. and Mrs. Gregory Wozniak, all of Granite City, and Ralph Anfang of Belleville. Other guests were from Indiana, Michigan, West Virginia, Missouri and Illinois.

The rehearsal dinner was given Friday evening by the bridegroom's parents at The Hospitality Inn in Cincinnati.

Higher Debt Limit Could Reverse Trend of Establishing Many Small Districts of Limited Authority

By NANCY MARIENTHAL
Student Reporting Project, University of Illinois

It wasn't long ago that politicians were bemoaning an "inexorable movement" of governmental power to the state and local governments. In fact, they are growing faster by almost any measure.

The National Association of Manufacturers in a survey of the federal budget, for instance, reported that there has been a greater acceleration of the purchase of goods and services by state and local government in the past decade than by federal government.

Federal employment exclusive of the armed forces rose 2.2 million in 1969, hardly up from 1950. State and local government meanwhile doubled from 4.3 million to 8.4 million.

State and local government is spending more money, employing more people and performing more services than ever before.

One of the key goals of the Illinois Constitutional Convention, therefore, is to write provisions which will encourage grassroots political power. The cornerstone concept has become "a major role."

Efficiency, too, is a major goal.

John C. Parkhurst of Peoria, chairman of the "Con Gov" Local Government Committee, has explained:

"There are 8500 local governmental units in Illinois today. This is 50% more than in any other state—and the cost of this administrative superstructure is placed on the taxpayer."

To make local government work and cut down on duplication, Parkhurst's committee set these goals—granting broad powers to local governments to handle their own problems, stimulating efficiency by providing maximum opportunity for local governmental cooperation, and freeing the state legislature from the burden of handling local problems.

The Local Government Committee, according to Parkhurst, has taxed to solve several problems crucial to any home rule article:

1. Devising a system of classifying levels of government to determine who gets what powers, and so that subsequent legislation can be written with reference to the classification.
2. Determining taxing powers.
3. A new concept on local debt limitation.

Classification obviously could most easily be achieved at population levels. Thus, cities of certain sizes would automatically have certain powers.

This approach is complicated by such problems as populous unincorporated areas, for the suggestion that counties, too, have certain home rule powers. The tax question could break into a political battle between Mayor Daley and many Democratic delegates would like to see broad taxing powers for local governments and a definite share of state taxes. Governor Ogilvie tends to want to keep control of the purse strings at the state level.

The committee has been considering a compromise that would, in effect, give local governments greater taxing powers but place the legislature as a watchdog over their use. In addition, one proposal would specifically bar local governments from imposing an income tax without General Assembly approval.

Altering the local debt limit on general obligation bonds is considered essential for two reasons:

1. The current limit of 5% of the value of taxable property in the municipality's jurisdiction is considered too low to meet current demands for services in areas running from education to pollution control.
2. The current limit is blamed for encouraging the costly proliferation of small, local governments.

The committee is considering flexible debt limits based on the size and functions of particular governments or special districts. According to Bernard G. Cunningham, president of the Illinois Municipal League, the 5% debt limitation on general obligation bonds should be removed because it is no longer a meaningful figure.

The unrealistic limit has accelerated the creation of many special districts which tend to duplicate existing administrative functions which are inefficient, cumbersome and wasteful.

Parkhurst points out that this process takes place after the larger governmental unit has run out of money to establish additional services. He explains that if the legislature is admonished in the Illinois Constitution to consider the function of a government unit when applying disparate debt limitations, "when their ability to raise funds runs out, the special districts will find it necessary to consolidate with the larger organizational unit in order to remain viable."

For example, if a separate park district receives a 2% limit, it will not be able to merge with the city or county when it hits this limit.

The current debt limit, which applies to general obligation bonds, actually costs more than saves the taxpayer money, according to Cunningham. He explains:

"Cities, villages and incorporated towns unable—or unwilling for practical political reasons—to issue general obligation bonds have resorted to more expensive revenue sources such as special building authority bonds, both of which result in greater costs to the taxpayer."

"In theory, the 5% limit is a good one, but its practicality is open to serious question."

"For example, an analysis of the combined general obligation and revenue bonds debt of 143 Illinois municipalities over 10,000 population showed that these cities, with a total population of 7,499,000 or about 69% of the state's population, have exceeded the present 5% debt limitation if you consider the total general obligation and revenue debt outstanding."

"... School districts have similar problems. Since the creation of the Illinois School Building Commission in 1957, that authority has funded 186 school building loans in the amount of \$42,000,000.

"Each of these loans has been to a school district which had sold the maximum amount (5%) in bonds and had exhausted its debt-incurring powers under the present constitution."

Parkhurst's committee is also seeking methods that would induce local governments to exercise their home rule powers creatively and, from time to time, take stock of what they are doing and restructure their operations.

The struggle to extend home rule in Illinois should be viewed against a background of a century of political and judicial developments.

For 100 years, courts have tended to accept Dillon's Rule, named for an Iowa judge, which holds that municipal authorities are the creatures of the state and cannot act in any given area unless the power to do so is expressly given by the state. If any doubt arises, Dillon's Rule holds, the court should deny the local government the exercise of the power it seeks.

During recent years, however, more than half of the states have reversed Dillon's Rule in constitutional form or another.

If the Constitutional Convention is successful, it will be a 19th century turn to free itself from a 19th century restriction and help its cities face the problems of the late 20th century.

Carole Ann Parker Weds Delmar Lewis

First United Presbyterian Church, 22nd street and Delmar Avenue, was the scene of the candlelight wedding Saturday evening of Miss Carole Ann Parker, a daughter of Mr. and Mrs. Herbert B. Parker, 2478 Waterman avenue, and Delmar E. Lewis, a son of Mr. and Mrs. Elbert G. Lewis, 2033 Madison avenue.

Arrangements of white and yellow flowers and greenery decorated the altar and burning candles in candelabra entwined with white ribbon illuminated the white-carpeted aisle through which the procession passed, the bride escorted by her father. Mrs. Isabel Schmidt presided at the organ and accompanied the soloist, Mrs. John McCabe Moore of O'Fallon, as she sang "Great Is Thy Faithfulness" and "You'll Never Walk Alone".

The traditional wedding marches were used. Rev. Dr. David B. Maxton heard the vows of the couple at 7 o'clock and a reception followed in the church Fellowship Hall. A family reception was held later at the Parker home. Saturday's bride wore an Empire gown of white silk organza. It was designed with an A-line skirt ending in a funnel train. The Camelot sleeves with lace cuffs were trimmed with lace, and matching lace was used on the standup collar. A tiered, bouffant veil of silk illusion was outlined and held in place with a daisy motif.

White daisies and white roses, combined with leather leaf foliage, made up the bride's cascade bouquet.

Mrs. Catherine Layton, a sis-

ter of the bride, was matron of honor, and Miss Martha Vandusen, Miss Teresa Mesmore, a college roommate, and Miss Kathy Lewis, the bridegroom's sister, were bridesmaids.

Others in the wedding party were Client Potter, best man, and Charles Ringering, Dennis Campbell, David Schaus, David Everly and Ralph Connor, groomsmen and ushers. The candles were lighted by Miss Teresa Lewis and Miss Cindy Holder.

The bride's attendants were in gowns of dotted swiss, lime green for Mrs. Layton and yellow for the maids. The Empire gowns with Camelot sleeves were worn over taffeta in the same colors with imported lace trim on the collars and cuffs. They wore white garden hats and carried nosegays of white daisies tied with ribbons to contrast with their gowns.

For her daughter's wedding Mrs. Parker chose a green knit dress with a contrasting coat and matching accessories, while the bridegroom's mother appeared in a beige two-piece suit with contrasting over blouse and accessories. Both mothers had coronas of white roses and white elegance carnations tipped to harmonize with their costumes.

The former Miss Parker attended Eastern Illinois University and is now enrolled at SIU-SW for the fall term. Mr. Lewis attended Belleville Junior College. He is presently employed as a layout draftsman for Century Electric Co.

After a honeymoon at the Lake of the Ozarks the newlyweds will reside in the Granite City area.

Guests were here for the wedding were Mrs. Marguerite Parker of Philadelphia, Pa., Randall grandmother of the bride, Mrs. Raymond Masser, Lansdowne, Pa.; Mr. and Mrs. John Mesmore, Sibley, Ill.; Miss Kris Kowal, Macomb, Ill.; Mrs. John Moore, O'Fallon, Ill.; Mr. and Mrs. Robert Layton, Charleston, Ill.; and Mrs. Albert Curtis, Philadelphia, Pa., and Mrs. Arnold Butts of Clarksville, Tenn.

LATE SUMMER BRIDE, Mrs. Frank Mattea jr. Her wedding was an event of Friday taking place at the Maryville Church of God.

Miss Linda L. Gilbert Weds Randall A. Irwin

Miss Linda L. Gilbert, 3908 Gaslight Apartments, was married to Randall A. Irwin Friday evening at Central Christian Church.

The bride is a granddaughter of Mrs. Eleanor Bacon, 2225 Grand avenue. Mr. Irwin's parents are Richard and LaVesta Irwin of this city.

Rev. James R. Craddock officiated at 7 o'clock before the altar decorated with green carnations and red roses. A reception was held afterward at the Gaslight Apartments.

Miss Kathleen Petrovich, a cousin of the bride, was her only attendant. Jeffrey Underwood was best man, and Robert S. Gilbert and John Irwin served as ushers.

For her wedding the bride chose a floor-length gown of white nylon trimmed with lace and pearls, the skirt ending in a long train. A veil of illusion was held in place with an arrangement of lace and pearls and the bride carried a bouquet of red roses and carnations.

Kimberly Leach, a cousin of the bride, served as flower girl, and the ring bearer was Jerry Pilgrim, the bride's godchild. The former wore a lustrous white lace dress over taffeta with accents of peach and a peach sash. The dress had a short waist and long puff sleeves and she carried a basket of white

lilies. The bride's mother, Mrs. Frank Mattea jr., was seated at the head of the table with the bride's father, Mr. Frank Mattea jr. The bride's grandmother, Mrs. Eleanor Bacon, was seated next to the bride's mother. The bride's aunt, Mrs. Raymond Masser, was seated next to the bride's grandmother. The bride's uncle, Mr. John Mesmore, was seated next to the bride's aunt. The bride's cousin, Miss Kathleen Petrovich, was seated next to the bride's uncle. The bride's cousin, Jeffrey Underwood, was seated next to the bride's cousin. The bride's cousin, Robert S. Gilbert, was seated next to the bride's cousin. The bride's cousin, John Irwin, was seated next to the bride's cousin.

The newlyweds will make their home in the Gaslight Walk Apartments. The former Miss Gilbert is a student-teacher at Parkview school. Mr. Irwin is a funeral director employed by the Davis Funeral Home.

NEW HOPE CHAPTER O.E.S. RESUMES

New Hope Chapter 432, Order of Eastern Star, held the first stated meeting Friday evening since the vacation period.

Wayne Elmore sr. and Mrs. Joan Elmore, 2018 East 21st street, and Mrs. Delores Pogue, 2339 State street, were initiated into the order. Approximately 30 members and guests enjoyed a social hour in the dining room after the meeting.

Mrs. Evelyn Harris is worthy matron of the chapter, and Herman Harris is worthy patron. The next scheduled meeting will be held Friday, Sept. 4.

Miss Linda Thurston, Frank Mattea jr. Wed

Miss Linda Thurston and Frank Mattea jr. exchanged wedding vows in a candlelight ceremony Friday evening at the Maryville Assembly of God Church in Maryville, Ill.

The bride is a daughter of Mr. and Mrs. Virgil Thurston of Collinsville, formerly of Granite City. Mr. Mattea's parents are Mr. and Mrs. Frank Mattea sr., also of Collinsville.

The services were read at 7:30 with the Rev. Maurice Hart of Dallas, Tex., and Rev. George Ankario officiating.

A reception was held afterward at First Baptist Church on St. Louis road, Collinsville. Bouquets of white gladioli and yellow and orange pom-poms, together with an arch decorated with yellow and orange flowers accented with greenery, and lighted candles in candelabra provided the setting for the ceremony.

A program of wedding music was furnished by Roberta Carlton, organist, and Joan Leach and Dennis Person, vocalists.

The bride wore a gown of white peau de soie and Chantilly lace. The Empire bodice and full bishop sleeves were of lace etched with seed pearls in a floral design, and the cuffs and roll collar were scalloped.

A detachable Watteau train was of lace and the bride's tiered veil was secured with a floral headband of lace pearls and crystals. A cascade bouquet of white baby's breath and yellow Sweetheart roses was carried by the bride. She was given in marriage by her father.

Miss Laura Thurston, the bride's sister, was maid of honor, and Mrs. Lyndel Vernon, a sister of the bridegroom, Miss Donna Gipson, Mrs. Dennis Hanson and Mrs. Bertie Hoffstot were bridesmaids. They were dressed in dotted swiss over taffeta with roll collars, high waists and bishop sleeves. Headpieces matched the dresses and they carried ballroom bouquets of white baby's breath with ribbon to contrast with their gowns. The honor attendant and two bridesmaids were in mint green and two attendants wore yellow.

Kimberly Leach, a cousin of the bride, served as flower girl, and the ring bearer was Jerry Pilgrim, the bride's godchild. The former wore a lustrous white lace dress over taffeta with accents of peach and a peach sash. The dress had a short waist and long puff sleeves and she carried a basket of white

lilies. The bride's mother, Mrs. Frank Mattea jr., was seated at the head of the table with the bride's father, Mr. Frank Mattea jr. The bride's grandmother, Mrs. Eleanor Bacon, was seated next to the bride's mother. The bride's aunt, Mrs. Raymond Masser, was seated next to the bride's grandmother. The bride's uncle, Mr. John Mesmore, was seated next to the bride's aunt. The bride's cousin, Miss Kathleen Petrovich, was seated next to the bride's uncle. The bride's cousin, Jeffrey Underwood, was seated next to the bride's cousin. The bride's cousin, Robert S. Gilbert, was seated next to the bride's cousin. The bride's cousin, John Irwin, was seated next to the bride's cousin.

For her daughter's wedding Mrs. Thurston wore a melon crepe dress with a beige lace coat and a corsage of yellow Sweetheart roses. The bridegroom's mother chose a powder blue crepe dress and white roses.

The candles were lighted by Jeanne Carlton and Orville Ankario. Linda Smith, the bridegroom's niece, was in charge of the guest book at the reception.

The bride and groom are honeymooning in the Ozarks this week but plan to take a trip to California and Hawaii later in the season. They will reside in Maryville.

The former Miss Thurston, a graduate of Granite City high school, is employed in Edwardsville. Mr. Mattea is employed by the Maryville Construction Co. He graduated from the Collinsville schools.

The rehearsal dinner was given by the bridegroom's parents in the fellowship hall of the Maryville church.

Among the out-of-town guests attending the wedding were Miss Linda Smith of California; Jess Bussard and family of Maryland; Mr. and Mrs. Arthur Thurston, and Mr. and Mrs. Phillip Thurston of Kokomo, Ind.; Mr. and Mrs. Ernest Greenley, Staunton, Ill.; Mr. and Mrs. Frank Fisher and son Charles, and Mrs. Charles Bussard, Marietta, Ill.; Rev. Louis Mattea, Riverview, Mo.; Rev. and Mrs. Maurice Hart, Dallas, Tex.; Rev. and Mrs. Robert D. Shaw and Mr. and Mrs. Don Mendenhall, Pacific, Mo.; Mr. and Mrs. Elmer Smith, Belleville; and Mr. and Mrs. Paul Fulton and family of Tilden, Ill.

Democrats Slash Back At GOP at Convention

Democrats slashed back at the Republicans at their state convention Thursday at Springfield, calling Gov. Richard B. Ogilvie the "last of the big spenders."

On the day before Ogilvie described the Democrats as "merchants of misery."

U. S. Sen. Ralph T. Smith was called a "candidate who stands for nothing."

Delegates at the convention, given by Chicago Mayor Richard J. Daley, nominated candidates for University of Illinois trustees. They will determine party platform in the fall.

Daley said Democrats will stick to issues and not personalities at the Nov. 3 general election. "They (Republicans) might have more money but the message is to elect our fine candidates who will have the people," he said.

Adlai E. Stevenson III, seeking Senate seat, termed the incumbent as an "un-senator, unlike any we have ever had."

\$93 Million Federal Fund Requests Sent

Of 80 requests by Illinois and local agencies for \$83.1 million in federal funds for projects costing \$179,523,179 in July 1969-June 1970, the East-West Gateway Coordinating Council approved all of them but had five substantially changed.

The 80 included 21 requests for highway funds, 10 for water and sewer facilities, followed by three years of "four-year" plans.

The council staff spent 128 days reviewing the proposals at a cost of \$645,000 to federal law, its function is to review monetary requests and make sure they fit into metropolitan area regional plans without disrupting other projects or orderly growth.

Child-Auto Accident

Donna Carlisle, 10, of 1401 Kirkpatrick Homes, ran in front of an auto driven by Robert D. St. Louis, 40, while trying to beat a traffic signal changing at East 25th street and N. Main St. at 8:40 a.m. Sunday. She was not hurt, but fell down and bruised her right leg in attempting to avoid the car, the driver struck and damaged three posts and a fence at 1404-06 Kirkpatrick Homes.

National District Attorneys Join Pollution Fight

Illinois Attorney General William J. Scott announced today that the nation's 3,500-member National District Attorneys Association will join forces with the attorneys general of the 50 states in a combined legal attack on pollution.

Scott, keynote speaker at the District Attorneys' annual national convention in Chicago told the prosecutors:

"We are quick to regard the wanton destruction of property as a crime. Our nation must now understand — quickly — that the destruction of our environment is equally criminal and certainly as frightening. Property can be replaced, our environment is irreplaceable."

Following Scott's address, the convention formed for the first time — an anti-pollution action committee which will commit the nation's criminal prosecutors to the pollution fight for the first time in history. First chairmen of the national group will be Sedgwick County Attorney Keith Sanborn of Wichita, Kansas. Elected vice chairman was Earl Morgan, district attorney from Birmingham, Alabama.

Join National Fight
Scott announced later that the new committee will join forces with the anti-pollution task force of the National Association of Attorneys General, of which Scott is chairman.

He commented: "We are going to meet jointly and as soon as possible to draw the blueprints for a nationwide legal attack on all forms of pollution."

"We want an impact strategy that lines up the attorneys general of the 50 states against major polluters, while county prosecutors are moving against pollution sources in their own communities and counties. By working together, we can solve this problem — county-by-county, state-by-state — and get this job done."

No Holding Back
"Pollution, like crime, does not stop at political or geographic boundaries. No attorney general can do this job alone. No county prosecutor can do it alone. There can be no holding back in this battle. There can be no holding back in any sector of this nation."

"Finally, it should be clear to all of us that because pollution is a crime against people, it is our job as the attorneys general of the people to safeguard their environment."

Scott urged the officials to immediately seek special ecological training for their staffs, to push hard into the sector of common law, which will deal with public nuisances and health violations, and to "pursue meaningful legislation in your own legislatures, legislation that really counts, that really meets this problem head-on. We have such legislation in Illinois and we're putting it to work."

Female Working Hours Law Declared Invalid

Parts of the Illinois Female Employment Act barring women from working more than an eight-hour day or 48-hour week were declared invalid Thursday by U. S. District Judge Omer Pos at Springfield.

He ruled that it conflicts with the U. S. Constitution and the Civil Rights Act of 1964. The decision followed a petition by Illinois Bell Telephone Co. and the Caterpillar Tractor Co. which employ 20,000 women in the work force of 84,000, many of whom complain about not receiving their share of overtime.

Attorneys were given 20 days to present findings of fact and law in the case.

House Window Broken

Mrs. Roy Norton, 2532 Edison avenue, reported at 6:30 a.m. Friday that someone broke the front window of her home with a soda bottle during the night.

LATEST TELEVISION STAR in this region is—would you believe?—a python. Mrs. Julie Hershey, teacher-host of "Something Good to Read," one of Kete's four new in-school programs, entertains Charles Hoesle, curator of the St. Louis Zoo, and a python friend. The series, which begins in September, will feature interesting guests to stimulate fifth and sixth grade students to read and enjoy good books.

Mitchell Athletic Club Fall Festival Aug. 28-30

The annual Fall Festival sponsored by the Mitchell Athletic Club will be held at the Illinois Ball Park in Mitchell Friday, Saturday and Sunday. Special entertainment on all three nights of the event has been arranged in addition to the midway of carnival rides, concession stands and games. Food and beverages will be available.

Headline the program Friday will be the Bill Rainey show which will begin at 8 p.m. and continue until midnight.

The Kentucky Blue Grass State from Hindman, Ky., featuring Raymond McLain, 13-year-old champion banjo player, will headline the program Saturday night. The Sunday night entertainment feature will be Don Brown and the Ozark Mountain Trio. The Bill Rainey Show also will be presented on Saturday and Sunday nights.

School of Medicine Guidelines Approved

Guidelines for an affiliation agreement between Southern Illinois University's School of Medicine and Springfield Memorial Hospital were approved Friday by the SIU board of trustees.

Springfield Memorial and St. John's Hospital of Springfield will provide the clinical facilities for SIU's new medical degree program, which is targeted to produce 50 physicians a year beginning with the first expected graduating class in 1976. The first group of clinical trainees is expected in Springfield in 1973.

Affiliation guidelines set forth respective responsibilities of Springfield Memorial and SIU in the clinical operation, as well as those to be shared jointly by the institutions.

The hospital agrees to make its facilities available for interns and residents and to provide total compensation for those assigned exclusively to the hospital. The guidelines make SIU responsible for the content and direction of the overall medical education program, including a continuing education program for Springfield area physicians. All hospital patients are to be available for teaching except for necessary exceptions. Guidelines have been adopted in principle by the Springfield Memorial board of trustees. The SIU board Friday authorized execution of a formal agreement.

The two hospitals combined have more than 1300 acute care beds. Approval of the SIU School of Medicine was based on the recommendation that it be geared to clinical facilities at the two Springfield hospitals, rather than at a site to be constructed "from the ground up."

Channel 9 to Preview Classroom Programs

Sunday evening viewers of public television station Kete, Channel 9, have an unusual opportunity to look behind the scenes and preview productions of new locally-made telecasts which will be added to the in-school schedule of Channel 9 this fall.

For the next several weeks, the station's popular "Forsythe Sage" series will be followed by a brief preview of a new Channel 9 school telecast production for 1970-71.

Hosting the nine-minute segments is Basil G. Murray, director of school services, and the programs include behind-the-scenes looks at the sets where the programs now are being produced at the Kete studios. Each segment also will feature videotaped excerpts from the new programs themselves.

"Epilogue" last night featured a sneak preview of "Something Good to Read," a new intermediate literature series featuring Mrs. Julie Hershey as hostess. On Aug. 30, the featured program will be "How Kum," a new second grade science telecast hosted by Miss Judy Contrucci.

On Sept. 6, a historical look at the St. Louis area titled "Through the Arch" and featuring Dr. John Tait will be previewed, and on Sept. 13, television teacher Don Paulsen's new fourth grade "Science in Action" series will be featured. Each program will be telecast at 8:55 p.m. Sunday, immediately following the "Forsythe Sage" series on Channel 9.

Viewers interested in additional information on the new telecasts may write: School Services Department, KETE, Channel 9, 6966 Millbrook, St. Louis, Mo. 63130. In-school telecasting will resume at 8:40 a.m. Monday, Sept. 14.

Railroad Worker Hurt In Fall, Asks \$50,000

A suit for \$50,000 has been filed for Myron Favre against the Norfolk & Western Railroad in Madison county circuit court at Edwardsville. The complaint alleges Favre was injured last July 24 while he was employed as a carpenter's helper in the Madison rail yards when he fell from a ladder while painting a building. He charged that the ladder was defective.
